

FMS-02

Featuring the dark grey base plate with the aluminium column, the AG Neovo FMS-02 divisible floor mounting stand offers a strong and stylish solution for the display mounting needs in landscape or portrait mode.

The FMS-02 fully divisible floor stand is suitable for display with size up to 55 inch and maximum weight of 30 kg. Thanks to the stand that is allowed to be divided in 4 parts: the base plate, the column in two parts and the stand head, the FMS-02 can be made compact and easy to transport. With the three cable duct design, the cables can be perfectly concealed. The flexible adjustment of display tilt and height make the FMS-02 an ideal choice for large sized displays applying in public and multi-user environments.

- > Divisible stand is space saving and easy to transport
- > Landscape or portrait display orientation
- > Display height adjustable to 1,826mm (centre display)
- > Tilt up and down from 10° to -13°
- > Cable duct for smart cable management
- > Compatible with VESA standard (Max. 400 x 400 mm)
- > Weight capacity: 30 kg (66.1 lbs)
