NDA-U-PA0 Surveillance cabinet 24VAC

www.boschsecurity.com

BOSCH
Invented for life

- Complete power supply and connectivity solution for outdoor use
- Perfectly matched mechanical interfaces for easy installation on wall, pole or corner
- Reliable installation with built-in surge protection
- Weather resistant finish to maintain the cosmetic appearance over the years

Bosch's **Modular Camera Mounts & Accessories** offer a modular range of camera mounts, mounting adapters, camera interface plates and surveillance cabinets. All items are easy to handle and simplify the installations of our cameras across a wide range of applications to suit all of your needs. The mechanical design is extremely robust and suitable for any environment, both indoor and outdoor. The accessories are designed with usability in mind. It's modern and sleek design is a perfect combination of form and function.

Functions

The surveillance cabinets are specially designed to meet the requirements of the security and surveillance market. The surveillance cabinets provide a power supply for situations without PoE. It is available without a transformer (for direct 24 VAC power input) and with either a 120 VAC or a 230 VAC transformer for mains supply. Each surveillance cabinet offers 100 W output with surge protection. The surveillance cabinet, when used with compatible mount and camera, offers full IP66 and IK10 rated. You can use it as a safe, robust and watertight box in which you can make your connections or install extra hardware. For more details about compatibility, refer to the Product Selector.
